The Yorkshire Gritstone Definitive Index

Page 42

Well you made it to the end in one piece. Since the publication of the millennium guide there have been literally 100's of new routes on Yorkshire grit, numerous new crags have been discovered and rediscovered; some of them are actually quite good. If you've survived Guisecliff and still love Yorkshire grit then go hunt these new gems out; details of all new routes can be found and recorded at www.theleedswall.co.uk
